Chinmaya Vidyalaya Attukal

Experience

Software Developer Intern June 2023
Weberfox Technologies Pvt Ltd

- As a Flutter software developer, I gained practical experience by working on an e-commerce app, collaborated with a dedicated team to improve user interactivity and explore advanced features, motivated me to contribute to cutting-edge projects.

Content Writer September 2021
Conscript HR Advisors Pvt Ltd

- Specialized in producing high-quality, SEO-optimized articles on team management, collaborating with the editorial team, tailoring content to the target audience, and maintaining content accuracy and relevance in line with brand guidelines.

Content Writer March 2020
SEO Mantra

- In my role as a content creator, I conducted researches to craft original, quality articles, improved SEO, and met deadlines collaboratively. I improved my writing style, updated content, and stayed with current industry trends to enhance quality and drive increased website traffic.

Projects

Nutrivisor (Main Project)

- A Progressive web app for diet management based on Machine Learning using Flask (Python). This project was completed under Keltron (Kerala State Electronic Development Corporation ltd).

Expensea (Mini-Project)

- A full fledged expense tracking Android application using Java and XML as Frontend and SQLite as Backend.

WeatherSense (Individual Project)

- A web app for weather forecast using HTML, CSS, JavaScript.

E-commerce App

- Developed front-end for an e-commerce app which is an android app for online shopping purpose using flutter app and did it as the part of internship.

Todo App

- A full stack app for To-Do list using MERN (MongoDB, Express, React and Node.js).
