Rajadhani Institute of Engineering and Technology

Higher Secondary 2017 - 2019
Chinmaya Vidyalaya Attukal

Experience

Software Developer Intern June 2023
Weberfox Technologies Pvt Ltd

In my role as a software developer on Flutter, I've had the opportunity to gain hands-on experience and apply my basic knowledge to real-world projects. Working on an e-commerce app was a valuable experience, as it allowed me to collaborate with a dynamic team, addressing the unique challenges that arise in creating user-friendly and visually appealing front-end interfaces. During my time working on the app, I learned to implement various Flutter widgets, enhance user interactivity, and optimize the overall user experience. I also contributed to developing responsive layouts that ensured the app's compatibility across different devices. This experience has motivated me to continue learning and honing my skills in Flutter development, with a keen interest in exploring more advanced features and contributing to cutting-edge projects in the future.

Content Writer September 2021
Conscript HR Advisors Pvt Ltd

In my role as a content creator, I specialized in producing engaging articles on team management, ensuring they met high-quality standards and incorporated effective SEO practices. Collaboration with the editorial team was integral to meeting publication deadlines and developing strategic content plans. I adeptly tailored my writing style to resonate with the target audience and adhere to brand guidelines while regularly updating and refining existing content for ongoing accuracy and relevance.

Content Writer March 2020
SEO Mantra
As a content creator, I conducted website research to craft engaging articles while ensuring originality and quality standards. Collaborating with the editorial team, I met tight deadlines and improved SEO, boosting website traffic. I adapted my writing style, updated content, and efficiently used tools like WordPress, staying current with industry trends for ongoing quality enhancement.
